## Thread Tap App® for Cloud & Mobile Platforms

- Popular specials catalog
- Tap hole size calculator
- Engineering data
- Learning center
- Quote manager
- Mobile and cloud platforms

- Thread Tap App® is an integrated software/'App' solution that intelligently features catalog sections covering inch sizes, metric sizes and taps made to custom specifications.
- Intuitive Product Finder allows users fast and effective tool selections including taps, dies and gages.
- Tooling selections are based on parameters such as tool size, material to be machined, coating recommendations, speeds and feeds data, and other pertinent engineering information.
- Complete interactive catalog at your fingertips on Cloud and Mobile platforms.
- Cloud version works in any web browser.
- Mobile version is available at the App Stores.
