

NORTH
AMERICAN
TOOL

Solid Carbide Thread Mills Capabilities & Overview

- Premium micro-grain carbide construction.
- Spiral flute design eliminates chatter and vibration.
- Optimum quality threads.
- Cut RH and LH threads with same tool.
- Specials available upon request.

Why North American Tool CARBIDE THREAD MILLS?

- Designed for internal threads. Thread mills for external threads are available upon request as non-stock item.
- One tool can thread various holes with same pitch (TPI); and multi 'H' Limits can be achieved with same tool.
- Thread blind holes to the bottom. Eliminate frequent tap breakage in challenging applications.
- Available as general purpose Fractional and Metric sizes; Coolant Through; NPT/NPTF Pipe Sizes; Application-specific for Exotics and Aluminum; Single Profile thread mills; bright finish and coated for demanding threading applications.
- Cutting tools designed, manufactured, and shipped in the U.S.A.
- For detailed information and product offering, request a catalog or view catalog online.
